

## 2007 BayerValue Ontario Cereals Program

### Who can qualify

Growers in Ontario who purchase a minimum of 40 acres (two 8 L jugs) of Buctril® M\* herbicide between October 1, 2006 and September 30, 2007.

### How to qualify

#### Folicur® Fungicide

Growers who purchase a minimum of 40 acres (one 4.73 L jug) of Folicur and Buctril M can receive \$1.00/acre on matching acres. There is no maximum limit.

**AND**

#### Stratego® Fungicide

Growers who purchase a minimum of 40 acres (one 8.1 L jug) of Stratego and Buctril M can receive \$.50/acre on matching acres. There is no maximum limit.

\*Each Buctril M acre can apply to both Folicur and Stratego

### Payment Calculation Examples

**Example 1:** 40 acres of Buctril M + 50 acres of Folicur + 40 acres of Stratego = \$60 Rebate.

Purchase qualifies - Rebate pays \$1 for Folicur matching acres (40 x \$1) and \$.50 for each Stratego matching acre (40 x \$.50).

The Folicur is only paid up to the Buctril M acres.

**Example 2:** 30 acres of Buctril M + 40 acres of Folicur = \$ 0 Rebate

(did not meet the minimum Buctril M purchase of 40 acres to qualify)

**Example 3:** 40 acres of Buctril M + 30 acres of Folicur = \$ 0 Rebate

(did not meet the minimum Folicur purchase of matching acres to qualify)

### Terms and Conditions

- Growers must enroll in the BayerValue Ontario Cereals Program by May 1, 2007 at [www.bayercropscience.ca/bvon](http://www.bayercropscience.ca/bvon)
- This can be done either by the grower, retailer or Bayer CropScience representative.
- Products must be purchased between October 1, 2006 and September 30, 2007 to be eligible.
- Final date for reconciliation purposes must be submitted to Bayer CropScience by the retailer by October 5, 2007.
- Qualified growers will receive their rebate cheque directly from Bayer CropScience after purchase date has been verified and payments processed.
- Bayer CropScience reserves the right to make final judgment of the interpretation of overall program and its individual components.

## 2007 BayerValue Ontario Corn Program

### Who can qualify

Corn growers in Ontario who purchase a minimum of 150 acres of qualifying Bayer CropScience corn herbicide or combination of Bayer CropScience corn herbicides.

### How to qualify

**Level 1:** Growers purchasing a minimum of **150 acres** of qualifying Bayer CropScience corn herbicide or combination of Bayer CropScience corn herbicides will receive **\$2.00/acre**.

**Level 2:** Growers purchasing a minimum of **300 acres** of qualifying Bayer CropScience corn herbicide or combination of Bayer CropScience corn herbicides will receive **\$3.00/acre**.

### Qualifying Products and Quantities

**Converge® 75 WDG** - 1 case treats 24 acres

**Converge® PRO** - 1 case treats 18 acres

**Liberty® 200 SN** - 10 L jug treats 11 acres

**Option® 35 DF** - 1 case treats 20 acres

**Option® Liquid 2.25 OD** - 6.3 L jug treats 10 acres

**Option® 1.2.3.** - 1 case treats 23 acres

### Payment Calculation Examples

**Example 1:** 100 acres of Option + 100 acres of Converge PRO = \$400 Rebate.  
(Level 1 minimum purchase of 150 acres qualifies for \$2.00/acre for 200 corn acres)

**Example 2:** 100 acres of Option + 150 acres of Converge PRO + 250 acres of Liberty = \$1500 Rebate.  
(Level 2 minimum purchase of 300 acres qualifies for \$3.00/acre for 500 corn acres)

**Example 3:** 125 acres of Option 123 = \$0 Rebate. (does not meet the qualifying minimum purchase levels)
